3. MAKE A STAGE

Every great show has a stage. Help create and decorate yours.

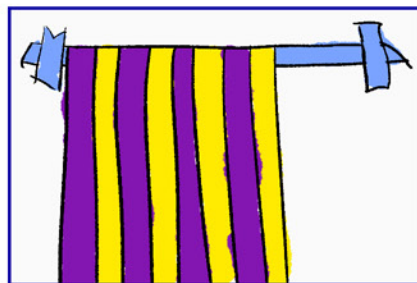

MAKE A BACKDROP FOR YOUR PERFORMERS

MATERIALS: Crepe paper streamers, construction paper, masking tape, scissors

INSTRUCTIONS: Find the wall you are going to perform in front of. Stretch a piece of masking tape high on the wall, sticky side out, and use two smaller pieces of tape to adhere it to the wall. With your scissors, cut the paper streamers and stick them to the line of tape so the other end dangles to the ground. Repeat this until your stage area is covered. Cut out star and moon shapes from your construction paper to stick to the streamers. Be creative!

Attach tape to the wall.

Hang colorful streamers.

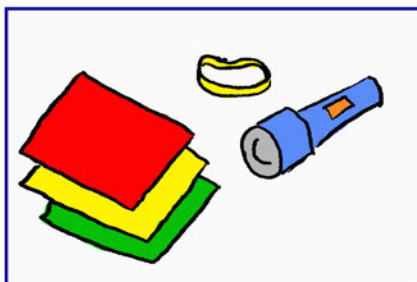

Decorate with paper shapes.

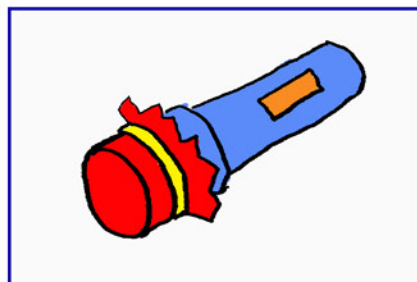

MAKE A SPOTLIGHT TO SHOWCASE YOUR STARS

MATERIALS: Colored tissue paper, flashlight, rubber band

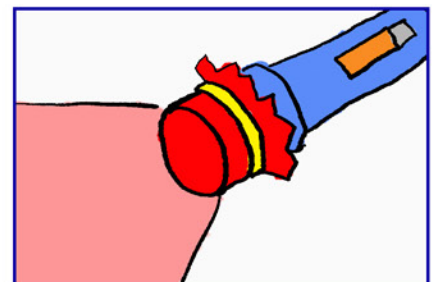

INSTRUCTIONS: Use a rubber band to attach tissue paper over the end of your flashlight. Use different colors to set the right mood for your performers. Be careful not to shine the light in anyone's eyes!

Gather materials.

Secure tissue paper with a rubber band.

Turn on the flashlight.

RECIPES/SNACKS

PORSHA'S POPCORN

INGREDIENTS:

- 2 tablespoons extra-virgin olive oil or coconut oil
- 1/2 cup popcorn kernels, divided
- Salt, to taste
- Multicolor sprinkles

INSTRUCTIONS:

- Pour the oil and kernels into sauce pan and cover. Set on the stove over medium heat. Wait. You'll hear the popcorn begin to sizzle. Keep waiting. (Have a pair of oven mitts at the ready!) Eventually, you'll hear the first pop.
- Once the first kernel pops, start shaking the pot, holding onto the lid so it doesn't fly off. Keep on shaking as the popping rate increases—this is key to avoid burning the kernels. After 2 or 3 minutes, the popping will slow down and eventually putter to an infrequent pop. Remove the pot from the heat.
- Pour your melted butter over the popcorn and shake. I like to do this right in the pan and add the salt last so it adheres more evenly.
- Add multicolor sprinkles to bring fashionable magic to your movie night!

HOW TO DRAW BUSTER MOON

Start with very light lines showing the basic shapes of the head and body.

Add more detail to the features of its face and clothes. Indicate the direction it's looking and the expression it will have.

Once you are happy with the basic structure of the character, begin refining your lines and darken them to make it pop off the page.

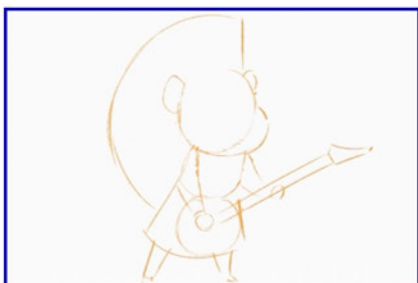

A loose sketch can quickly turn into a drawing with real emotion and excitement!

Check out the **HOW TO DRAW** Bonus Feature for a detailed instructional video by a professional animator.
